GENERAL CONDITIONS

The present general terms and conditions apply to services provided by SEACA according to article L.6325-1 and seq. of the Transports Code.

RATES

Tariffs are expressed in Euros (€) and excluded VAT. Tariffs are revisable and their modification is subject to publication.

INVOICING

Invoices are issued according to information provided by the client (I.D., billing address, VAT number, registration, etc.). The client is required to inform SEACA of any modifications.
Invoices are issued in Euros (€).

PAYMENT CONDITIONS

Payment is considered as complete when the funds have been received in the SEACA accounts. Invoices shall be paid in Euros (€) (no discount will be given for advance payment nor for security deposit).

Immediate payment

Invoices are payable to SEACA by cash or credit card (VISA, mastercard, AMEX) prior to take-off by the aircraft operator or the owner that has no special agreement with the SEACA.

In the event of non-payment, the invoice will be sent to the user at the end of the current month with a surcharge of **€ 50** corresponding to invoicing charges.

Payment on a credit basis

Users and airlines, which present the necessary guarantees, may be allowed by SEACA, under express written authorisation, to pay invoices on a credit basis, within 15 days after the issue date.

In case of late payment, the customer account will be cancelled and all future invoices will be subject to immediate payment by cash or credit card before each departure flight.

Users permitted to pay on a credit basis may settle by:

Bank transfert

- To : SEACA
- Bank : BNP Paribas
- Address : Centre d'affaires La Défense Entreprises
5 bis, place de la Défense
92974 Paris La Défense Cedex - France
- IBAN : FR76 3000 4006 1700 0103 2504 680
- BIC : BNPAFRPPPTX

For funds transfers from abroad, bank charges are at the expense of the issuing party.

Cheque

- Made payable to : SEACA
Aéroport Chambéry Savoie Mont Blanc
Route de l'aéroport - 73420 VIVIERS-DU-LAC - France

In order to facilitate the processing of payments, the user should provide the reference number stated on the invoices (client and invoice numbers) corresponding to each payment.

PROCEDURE IN THE EVENT OF LATE PAYMENT OR NON-PAYMENT

Late payment

Any invoice issued by SEACA which remains unpaid at the due date shall generate an automatic reminder letter.

In the event of late payment, any guarantees provided may be used to settle the outstanding debt. The user will be formally notified by recorded delivery letter if such action is being taken by the SEACA.

Penalties for late payment

All sums due which are not paid on the due date shall bear interest from day to day at the rate of three times the French legal interest rate currently in force, from the date when such sums were due until the date of payment (both dates inclusive).

Disputes and recovery fees

In the event that a second reminder letter should remain unanswered after 15 days, the file will be transferred to the SEACA's litigation department, which will enter into any necessary legal procedures in order to recover the outstanding debts.

A single payment to cover the recovery costs will be due in the event of late payment and is fixed at **€40** per invoice (Decree n° 2012-1115, 2nd October 2012) If the recovery amounts actually incurred should prove to be higher, an additional indemnity may be claimed.

Detention of aircraft

An unpaid invoice can entail the application of particular measures, and in particular the provisional seizure of the aircraft under the conditions envisaged with the article L6123-2 of the Transport code.

Claims and queries

Claims are not payment suspensive. Queries are admissible during a period of one year from the issuing date of the invoice. They must be sent in written form to the accounting department at the following address:

SEACA - Aéroport Chambéry Savoie Mont Blanc
Route de l'aéroport - 73420 VIVIERS-DU-LAC - France

or by email at: ***fbo.accounts@chambery-airport.com***

All complaints must specify:

- the number of the concerned invoice;
- the date and number of the concerned flight;
- the claimed service.

ORIGINAL VERSION, APPLICABLE LAW AND SETTLEMENT OF DISPUTES

The current document is subject to French law. Any disputes arising out of or relating to this document shall be subject to the exclusive jurisdiction of French Courts.

In the event of controversial interpretation of any of the above articles in English language, the original French version will be considered as the only official text.

APPLICATION OF VAT

All tariffs mentioned in the present document exclude VAT. VAT will be invoiced at the current, applicable rate. Exemptions from VAT are applicable according to:

- **Article 262, II-4 of the French General Tax Code (Code Général des Impôts)**

« II. Are VAT excluded:

4. all operations concerning delivery, transformation, repair, maintenance, chartering and renting of aircraft used by a company, which can certify that flights to and from foreign destinations, outside Metropolitan France, represent at least 80% of its activity.»

- **The points e), f) and g) of the article 148 of the European Directive 2006/112 CE of 28/11/2006**

Member States shall exempt the following transactions:

(e) the supply of goods for the fuelling and provisioning of aircraft used by airlines operating for reward chiefly on international routes;

(f) the supply, modification, repair, maintenance, chartering and hiring of the aircraft referred to in point (e), and the supply, hiring, repair and maintenance of equipment incorporated or used therein;

(g) the supply of services, other than those referred to in point (f), to meet the direct needs of the aircraft referred to in point (e) or of their cargoes.

- **Articles 259-A and 259-1° of the French Tax Code (FTC)** set the VAT rules applicable to ancillary services, making a distinction between ancillary services which are physically performed or effectively take place in France or abroad and other ancillary services which are not subject to French VAT based on the general principle of taxation at the customer's place of establishment.

All other services not mentioned above are subject to the current VAT rate.

The different services concerned by the exemption are clearly identified by articles 73D and E of Annex III of the French General Tax Code.

CANCELLATION POLICY

AIRPORT FEES

Applicable from 1st December 2023

PREAMBLE

The information and airport charges listed below form part of the current published document “Information on tariff regulations” following the meeting of the Economic Consultative Commission on 21th June 2023.

The below mentioned airport charges are specific to business aviation activity.

The full, original document is available via www.chambergy-airport.com.

If at any time any part of these tariff regulations (including any one or more of the articles of this document) is held to be or becomes void or otherwise unenforceable for any reason under any applicable law, the same shall be deemed omitted from these tariff regulations and the validity and/or enforceability of the remaining provisions of these tariff regulations shall, as far as is possible, not in any way be affected or impaired as a result of that omission. In such events the SEACA will not be held responsible.

These tariff regulations can be at any time revised by the SEACA to take into account any arising changes in applicable laws, rules or regulations.

The fees and charges mentioned in this document may be revised in accordance with the French Civil Aviation Code.

DEFINITIONS

Departing passenger :

any passenger of at least two years of age departing on a flight from Chambéry Savoie Mont Blanc airport.

Schengen traffic :

any passenger departing on a flight to a final destination within the Schengen area.

International traffic :

any passenger departing on a flight to a final destination outside the Schengen area.

National traffic :

any passenger departing on a flight to a final destination in France (French overseas territories included).

MTOW :

Maximum Take Of Weight must be expressed in metric ton and rounded up to the next unit. Documents giving proof of the MTOW must be provided to the carrier by the aircraft owner.

LANDING CHARGE

The landing charge is levied for all aircraft landing at Chambéry Airport and is payable to the SEACA.

From 1st December 2019, the lighting charge is included in the Landing charge in accordance with the decision of the «Commission Consultative Économique» date 28th June 2019.

The landing charges are calculated on the MTOW of the aircraft as stated in the Airworthiness Certificate, the Aircraft Flight Manual or in any other equivalent official document (e.g. Veritas data base).

No surcharge will be applied in relation to the aircraft's noise group.

Landing charge

MTOW		FEE
0 - 2 tons		€5.68
2 - 3 tons		€9.01
3 - 6 tons		€13.88
6 - 25 tons	fix	€14.10
	+ per ton > 6	€2.34
25 - 90 tons	fix	€58.75
	+ per ton > 25	€5.32
>90 tons	fix	€405.65
	+ per ton > 90	€6.02

Peak time surcharge

A **5%** surcharge on the landing charge will be apply to all Saturday operations as well as operations on Sunday mornings until 13:00 local time during facilitation period*.

**For 2023-2024 winter: from 16th december 2023 to 7th april 2024 included.*

Special conditions

A discount on landing charges is applicable for:

- helicopters **-50%** discount
- non commercial training flights **-75%** discount

All aircraft forced to return to Chambéry Airport due to technical problems or adverse weather conditions are exempt from the landing charge

Carbon modulation

As part of its environmental strategy, SEACA wishes to encourage airlines and aeronautical users using Chambéry Savoie Mont Blanc Airport to operate aircraft which emit less CO2 by applying a Carbon Modulation. This is a bonus / penalty percentage on the landing fee and is intended to be financially neutral at the SEACA level. This modulation applies to all aircraft (except those exempted in Special Conditions).

Principles and calculation

- Financial neutrality for SEACA
- Calculation of CO2 emissions produced during the LTO cycle (cycle that covers the approach, taxiing, take-off and climb phases, below 3,000 feet or 915m and contributes to local pollution) based on the registration
- Consideration of the aircraft seats configuration. This gives the LTO Cycle / seat (allowing an analysis of LTO cycle by seat)

The comparison of an aircraft LTO cycle / seat versus the 2023 average LTO cycle / seat (of the aircraft group to which it relates) allow to determine whether the aircraft will be subject to a bonus or a penalty.

If the real emissions (LTO cycle by seat) of an aircraft are:	Result
• Higher than the baseline	Malus
• Lower than the baseline	Bonus
• Equal to the baseline	Neutral

The baseline at Chambéry Savoie Mont Blanc Airport by category of aircraft in 2023

Category

Baseline	23.34
Modulation factor in case of bonus	0.24%
Modulation factor in case of malus	0.31%

Formula

$((\text{Baseline-emissions by LTO cycle}) \times \text{modulation factor}) \times \text{landing fee}$

Special conditions

All aircraft forced to return to Chambéry Savoie Mont Blanc Airport due to technical problems or adverse weather conditions, as well as all military and medical flights, are exempt from the carbon modulation on landing charge.

PARKING CHARGE

A charge is levied for the parking of all aircraft at Chambéry Airport and is payable to the SEACA. The parking duration is based on the difference between the landing time and the take-off time as indicated on the strip which is considered as an official document.

The SEACA determines the parking position where the aircraft must be parked.

The charge is calculated on the basis of the MTOW indicated in the Airworthiness Certificate, the Aircraft Flight Manual or in any other equivalent official document and on the total parking time and rounded up to the next unit.

The parking charge is calculated as follows:

- **€0.41** per ton (MTOW) and per hour
Every hour commenced must be paid

First 60 minutes free of charge for commercial and business flights.

For long or frequent stays, the parking charge and its terms of payment can be subject to mutual agreements between the Operator and the SEACA.

Peak time surcharge

A **100%** surcharge applies on the parking charge during the facilitation period (*for 2023-2024 winter: from 16th December 2023 to 7th April 2024 included*).

LIGHTING CHARGE

From 1st December 2019, the lighting charge is included in the Landing charge in accordance with the decision of the «Commission Consultative Economique» date 28th June 2019.

PASSENGER SERVICE CHARGE

VIP terminal

The passenger service charge for using the VIP terminal amounts to:

- **€27.24** for National and Schengen passengers;
- **€38.59** for International passengers.

Exemption of the passenger service charge:

- passengers on a direct transit flight;
- infants under the age of two;
- inflight staff;
- passengers from an aircraft forced to return to the airport due to technical problems or adverse weather conditions.

Charges for passengers with reduced mobility

A charge for passengers with reduced mobility is due to the SEACA for each departing passenger on commercial flights and on each departing passenger of a private aircraft with an MTOW more than 3 tons.

The charge for passengers with reduced mobility amounts to **€0.63** per departing passenger.

The operator transporting the passengers acts as debtor towards the SEACA.

Exemption of the passenger service charge:

- passengers on a direct transit flight;
- infants under the age of two;
- inflight staff;
- passengers from an aircraft forced to return to the airport due to technical problems or adverse weather conditions.

FUEL DELIVERY CHARGE

A charge is due for fuel delivery at Chambéry Airport. The charge is invoiced by the companies authorized by the SEACA to sell aircraft fuel on site.

The fuel delivery charge amounts to:

- **€0.30** per hectolitre - Jet engine fuel (Jet A1)
- **€0.30** per hectolitre - Piston engine fuel (Avgas 100L)
